

PHAM NGUYEN QUOC THANG

JOB POSITION: BIM MODULER

+84 906365060 phamnguyenquocthang882@gmail.com <https://www.linkedin.com/in/pnqthang/> Ho Chi Minh city

EDUCATION

HCMC University of technology and education

09/ 2021 - Now

Major: Transportation Engineering

- Gained proficiency in AutoCAD, AND Design, MIDAS Civil and Revit. Completed Capstone Projects including: Road Design and Road Construction (AutoCAD, AND Design), Reinforced Concrete Bridge Design (AutoCAD). Capstone Projects (In Progress): Steel Bridge Design (Revit), Bridge Pier and Foundation Design (AutoCAD, Revit), Graduation Design Project (AutoCAD, Midas Civil, Revit,Twin)

TECHNICAL EXPERIENCES

Thornton Tomasetti Vietnam Co., Ltd.

06/2025 - 09/2025

Job position: BIM Intern

- Assisted in forensic investigation of a 1967 Auditorium and Residential Building.
- Produced structural steel modeling for ADGCE projects, including Top/Bottom Reinforcement Plans, Sections, Shear Cages, and Post-Tensioning Plans.
- Gained proficiency in Revit and Dynamo for workflow automation

Project Participation

- Willis Tower Repositioning – Structural framing modeling for multiple levels (Chicago, USA).
- Surfer Royale Mixed-use Development – Top/Bottom Reinforcement Plans, Shear Cages, Sections (Surfers Paradise, Australia).
- Research Facility – Structural modeling for auditorium & 18-floor high-rise building (Cambridge, USA).
- GP Hotel Redevelopment – Sections, Reinforcement Plans, PT plan (Launceston, Australia).

Khai Thanh Construction and Trading Limited Liability Company

09/ 2024 - 11/ 2024

Job position: Site Intern

- Supervised and monitored construction progress to ensure quality and compliance with plans.
- Assisted in preparing progress reports and project documentation.
- Supported chief engineer in resolving on-site issues and ensuring worker safety.
- Performed surveying tasks using modern equipment to verify positions and elevations.

Reinforced Concrete Bridge Design Project: https://github.com/pnqt/my-cv/blob/main/RCBD_Project.pdf

05/2024 - 08/ 2024

Tools & technologies used: AutoCAD, Microsoft Excel

- Designed a simple-span reinforced concrete bridge according to Vietnamese standards (TCVN11823-2017). Performed structural calculations, including load analysis, stress distribution, and detailed design of bridge deck and beams.

Road Design Project: https://github.com/pnqt/my-cv/blob/main/Road_Design_Project.pdf

09/ 2023 - 12/ 2023

Tools & technologies used: AutoCAD, AND Design, G8

- Designed a complete road alignment based on real terrain survey data. Applied AutoCAD and AND Design to create horizontal and vertical alignments, cross-sections, and pavement structure.

TECHNICAL SKILLS

Civil Engineering Design

Revit,Dynamo, Bluebeam, ACC, BIM 360, AutoCAD, AND Design, Midas Civil, Twinmotion, ETAB

Graphics Designing

Adobe Photoshop, Adobe Premiere, Adobe Media Encoder, Wondershare Filmora
